## Report on Organic Farming by Non-Teaching staff

Organic farming was done in the college by the non-teaching staff (attenders) on 7<sup>th</sup> March 2023. Organic farming was incorporated as it can play a pivotal role in fostering sustainable practices, educating future generations, and contributing to the well-being of their communities and the environment. Setting clear objectives for organic farming initiatives in colleges ensures that the efforts are focused and measurable.

### Objectives:

- Educational Enrichment:
- Sustainable Practices
- Awareness and Education

### Outcomes:

- Students gain practical experience in sustainable agricultural practices.
- Promotes healthier soil through natural composting and reduced chemical use.
- Reduces exposure to potentially harmful chemicals for students and staff.
- Encourage student involvement in planning, managing, and sustaining organic farming projects.

## **Report on promotion of zero waste campus**

A zero-waste campus was organized by Ms. On 17<sup>th</sup> march 2023 in our college that actively seeks to reduce its environmental impact by minimizing waste generation and maximizing recycling and composting efforts. The goal of a zero-waste campus is to divert at least 90% of its waste from landfills and incineration, thus significantly reducing its carbon footprint and promoting sustainability.

### Objectives:

- Waste Reduction
- Sustainability Education
- Continuous Improvement
- Reduced Environmental Impact

### Outcomes:

- Increased awareness and adoption of sustainable practices among the campus community, leading to long-term behavioral changes.
- Creation of hands-on learning opportunities related to sustainability and waste management for students and staff.
- Conservation of natural resources through increased recycling and composting efforts, reducing the demand for new materials.

## Report on World Environment Day

Environmental day was celebrated in CEC campus. On June 5th 2022 plantation was held in CEC in view of Environmental day. NSS and YRC volunteers by planting saplings celebrated environmental day and Principal, Administrative Officer, YRC officer participated in this activity. Also wall painting on CEC compound walls were done by our students. Students enthusiastically participated in this activity and shown their talent.

### Objectives:

- Increase global awareness about environmental issues and their impact on ecosystems and human health.
- Provide educational resources and tools to help people understand environmental issues and empower them to make informed decisions.

### Outcomes:

- Greater public understanding of environmental issues and their global significance. This can lead to more informed and engaged students who are aware of the impacts of their actions on the environment.
- Increased involvement in community-based environmental initiatives and projects, such as clean-up drives, tree planting, and conservation efforts.
